WESTERN FINANCE ASSOCIATION

We are a professional society for academicians and practitioners with a scholarly interest in the development and application of research in finance.

Our purpose is (1) to serve as a focal point for communication among members, (2) to improve teaching and scholarship, and (3) to provide for the dissemination of information, including the holding of meetings and the support of publications.

The Association is an international organization with membership open to individuals from both the academic and professional community, and to institutions. Members of the Association are entitled to receive a reduction in the registration fee at the annual meetings. You are invited to join or renew online at <https://westernfinance.org>.

Correspondence regarding membership and other business aspects of the Association should be addressed to:

A call for papers and participants for the 2021 Conference of the Western Finance Association appears at the end of this program.

WELCOME

These are extraordinary times and we hope you are safe and well. Since travel is currently not safe or advisable, the WFA 2020 will take place via on-line video conferencing. This is new to all of us but we welcome the challenge and appreciate your patience. Toni M. Whited, Program Chair 2020, has pulled together a tremendous program and we look forward to engaging presentations and discussions.

The WFA is committed to providing a safe, inclusive and productive setting for scientific exchange among all participants at the Annual Conference. To affirm this commitment, the Board of the WFA developed a conference code of conduct for WFA conference attendees. The code of conduct briefly spells out the expectations for all meeting participants, emphasizes that neither harassment nor discrimination will be tolerated, and details whom to contact in the event that there are violations of this code. There is a link to the conference code of conduct at <https://westernfinance.org>, and it is printed on page 57 of the conference programs as a reminder.

Thank you again for your understanding and let's celebrate a great WFA 2020 virtually!

Andrew Karolyi,
WFA President, 2019-2020

Acknowledgements

As Program Chair, I would like to thank the members of the Program Committee for their dedicated service to the WFA. Their expert reviews are the main input in evaluating submitted papers and are what allow us each year to create a high quality program. I would also like to express deep gratitude to my colleagues all over the world who served as Associate Program Chairs this year. They worked hard to help me prescreen the initial submissions, create a program from the many highly-rated papers, and select the best-paper awards. Of course, I am very thankful to the authors for submitting their outstanding papers to the conference, to the session chairs for finding excellent discussants, and to the discussants for providing constructive feedback to our authors. The Association is so fortunate to have Bryan Routledge on its leadership team. I am deeply appreciative of his wise counsel, his expert management of the logistics, the IT system that is the backbone for the WFA, and for his cheerful and tireless support in the program creation process. I thank Andrew Karolyi for generously sharing his experiences as Program Chair from last year, and John Griffin and Christine Parlour for their advice and guidance. It is a joy to work with Leigh Ann Clark and Robyn Scholl who expertly manage the conference logistics. I thank them for their hard work and dedication. This year many other people who helped organize a virtual version of the WFA deserve thanks. The expertise of Larry Suarez has been invaluable for setting up our Zoom webinars. Next, six PhD students from the University of Michigan and Carnegie Mellon University volunteered their time to participate in a test Zoom session: Zahra Ebrhimi, Thomas Flanagan, Emil Lakkis, George Malikov, Tae-Uk Seo, and Rachel Szymanski. I also thank the six University of Michigan PhD students who are serving as the technical support team: James Caldera, Thomas Flanagan, Mayank Kumar, Hedieh Rashidi, Yuan Shi, and Alex Tuft. Last, but not least, I would like to thank our sponsors for their continued support of the WFA.

Toni M. Whited,
WFA Program Chair, 2020

WFA CODE OF CONDUCT

The WFA seeks to provide a safe, inclusive and productive meeting environment that fosters the exchange of scientific ideas, provides equal opportunities and treatment for all participants, and is free from discrimination and harassment.

While free and open discussion and debate are essential elements of scholarly interaction, paper presenters, discussants, session chairs, and other conference participants are expected to abide by norms of professional conduct and to follow venue rules. All participants are also expected to abide by standards of scientific integrity in their work product, and to present results that are accurate to the best of their knowledge. Any sources of funding or financial interests or other ties that might be viewed as creating conflicts of interest should be disclosed on the paper's title page and on the presenter and discussant slides with a brief one or two sentence disclaimer.

The WFA does not tolerate discrimination, harassment, or retaliation in any of its activities. Discrimination is the prejudicial treatment of individuals on the basis of race, ethnicity, gender, sexual orientation, age, disability status, or any other attribute. Harassment includes speech or any behavior, such as but not limited to, remarks, both spoken and in other media, bullying, physical contact, stalking, sexual advances or requests for sexual favors, and unwelcome advances. Please remember that behavior that is acceptable to one person may not be acceptable to another, and that harassment, even if intended or conveyed in a joking manner, is unacceptable.

Anyone who experiences or witnesses a violation of standards of professional ethics and scientific integrity, or who experiences or witnesses discrimination or harassment, should report this behavior to the WFA Program Chair Toni M. Whited (twhited@umich.edu), WFA President Andrew Karolyi (gak56@cornell.edu), or the WFA Treasurer-Secretary Bryan R. Routledge (routledge@cmu.edu).

Individuals violating this policy, or making allegations in bad faith, may be subject to disciplinary action. Reported cases and allegations will be adjudicated promptly by the WFA Board of Directors. The Board can choose to act or to delegate authority to a designated committee or to the WFA Executive Committee. The Board reserves the right to take actions including, but not limited to, removing an individual from a meeting without warning, prohibiting an individual from attending future WFA meetings, terminating an individual's affiliation with the WFA, and notifying an individual's employer. Retaliation against any person who files a complaint in good faith, or assists in the investigation of such a complaint, is also a violation of this policy and may be subject to disciplinary action.

Please direct comments or concerns regarding this policy to the WFA Treasurer-Secretary Bryan R. Routledge (routledge@cmu.edu).
