Acknowledgements

As Program Chair, I would like to thank the members of the Program Committee for their dedicated service to the WFA. Their expert reviews are the main input in evaluating submitted papers and are what allow us each year to create a high-quality program. Of course, I am very thankful to the authors for submitting their outstanding papers to the conference, to the session chairs for finding excellent discussants, and to the discussants for providing constructive feedback to our authors. The Association is so fortunate to have Bryan Routledge on its leadership team – I am deeply appreciative of his wise counsel, his expert management of the logistics and the IT system that is the backbone of the WFA, and his cheerful and tireless support in the program creation process. I thank John Griffin for generously sharing his experiences as Program Chair from last year, and Toni Whited, Burton Hollifield, and Manju Puri for their advice and guidance. Thanks to Wendi Wu, Yuwen Yuan, and Wensong Zhong from the University of Oregon for on-site help. It is a joy to work with Leigh Ann Clark and Robyn Scholl who expertly manage the on-site conference logistics – I thank them for their hard work and dedication. Last, but not least, I would like to thank our sponsors for their continued support of the WFA.

Christine Parlour,
WFA Program Chair, 2022

WFA CODE OF CONDUCT

The WFA seeks to provide a safe, inclusive and productive meeting environment that fosters the exchange of scientific ideas, provides equal opportunities and treatment for all participants, and is free from discrimination and harassment.

While free and open discussion and debate are essential elements of scholarly interaction, paper presenters, discussants, session chairs, and other conference participants are expected to abide by norms of professional conduct and to follow venue rules. All participants are also expected to abide by standards of scientific integrity in their work product, and to present results that are accurate to the best of their knowledge. Any sources of funding or financial interests or other ties that might be viewed as creating conflicts of interest should be disclosed on the paper's title page and on the presenter and discussant slides with a brief one or two sentence disclaimer.

The WFA does not tolerate discrimination, harassment, or retaliation in any of its activities. Discrimination is the prejudicial treatment of individuals on the basis of race, ethnicity, gender, sexual orientation, age, disability status, or any other attribute. Harassment includes speech or any behavior, such as but not limited to, remarks, both spoken and in other media, bullying, physical contact, stalking, sexual advances or requests for sexual favors, and unwelcome advances. Please remember that behavior that is acceptable to one person may not be acceptable to another, and that harassment, even if intended or conveyed in a joking manner, is unacceptable.

Anyone who experiences or witnesses a violation of standards of professional ethics and scientific integrity, or who experiences or witnesses discrimination or harassment, should report this behavior to the WFA Program Chair, Christine Parlour, WFA President, John Griffin, or the WFA Treasurer-Secretary, Bryan Routledge.

Individuals violating this policy, or making allegations in bad faith, may be subject to disciplinary action. Reported cases and allegations will be adjudicated promptly by the WFA Board of Directors. The Board can choose to act or to delegate authority to a designated committee or to the WFA Executive Committee. The Board reserves the right to take actions including, but not limited to, removing an individual from a meeting without warning, prohibiting an individual from attending future WFA meetings, terminating an individual's affiliation with the WFA, and notifying an individual's employer. Retaliation against any person who files a complaint in good faith, or assists in the investigation of such a complaint, is also a violation of this policy and may be subject to disciplinary action.

Please direct comments or concerns regarding this policy to the WFA Treasurer-Secretary Bryan Routledge (routledge@cmu.edu).
